

Highest/Lowest Variable Generation Rates Connecticut

Licensed suppliers are required to post the highest and lowest generation service charge rate that was billed to their customers under a Variable rate offer in each of the preceding twelve months.

The following table and graph shows this information for North American Power's 100% Renewable and 25% Renewable/Standard products:

**North American Power - Highest/Lowest Variable Generation Rates
100% Renewable and 25% Renewable/Standard**

Highest and Lowest Variable Generation Rate Charged by North American Power Over the Past Twelve Months
(Values shown in \$/kWh)

25% Renewable/Standard and 100% Renewable

Month	Jan-17	Feb-17	Mar-17	Apr-17	May-17	Jun-17	Jul-17	Aug-17	Sep-17	Oct-17	Nov-17	Dec-17
Lowest Rate	\$0.1399	\$0.1399	\$0.1599	\$0.1499	\$0.1499	\$0.1499	\$0.1299	\$0.1299	\$0.1299	\$0.1299	\$0.1399	\$0.1499
Highest Rate	\$0.1494	\$0.1494	\$0.1694	\$0.1594	\$0.1594	\$0.1594	\$0.1394	\$0.1394	\$0.1394	\$0.1394	\$0.1494	\$0.1594
